Results 1 - 6 of 6 for replication "fence value". (0.12 seconds)

Tip: Try removing quotes from your search to get more results.

### Granular control over the authority of replicated information via fencing and unfencing

D Teodosiu, NS Björner - US Patent App. 10/733,459, 2003 - Google Patents

... Hence, fence value resets are not made visible by replication. [0044] Except for fencing and unfencing, fence values remain constant during replication. ...
